A STRONG BACKGROUND

OALPRP held its initial organizational meeting on May 6, 1988. Since that beginning, the Association has steadily grown in membership, and has expanded its activities, and opportunities for professional growth. Members benefit from the sharing of information and experiences, which is done informally from office to office and in structured sessions such as workshops and conferences held each year in various parts of the state.

Many members have close ties with local solid waste districts as well as state and national organizations including Ohio Department of Natural Resources, Division of Recycling and Litter Prevention, Association of Ohio Recyclers, National Recycling Coalition, Environmental Education Council of Ohio and Organization of Solid Waste Districts of Ohio.

The Association strives to help its members cope with the ever-increasing complexity of doing work in the public sector. All face similar challenges involved in working with local and state governments.

There is strength in partnership – strength in OALPRP! Please visit our website at www.oalprp.org for more information.

MISSION

The Ohio Association of Litter Prevention and Recycling Professionals (OALPRP) is a statewide organization dedicated to professional development by providing leadership, training and networking opportunities to its members.

Leadership

Members are encouraged to become involved in the planning and implementation of OALPRP activities by attending membership and board meetings, serving on OALPRP committees, holding office, and planning and/or presenting at workshops and conferences.

Training

Summer and winter conferences provide quality, up to date training to meet the ever-changing needs of program managers, education specialists and others in solid waste professions.

Networking

Members can exchange ideas and share successes, challenges, and concerns during informal social events and program sharing opportunities planned at each conference. Professional partnerships and friendships flourish among members.

Scholarships

The C.R. "Dick" Meyers Scholarship is awarded annually to an eligible student to further their education and enhance Employment opportunities in environmental fields. This scholarship is unique in that it is only offered to students residing in a member county.

The Della Ewalt Enrichment Scholarship will be awarded annually to OALPRP members only from the following categories:

Attending Conferences, Pursuing Higher Education, Travel for Exploration, Local Program Enhancement or Attending Leadership Training.
